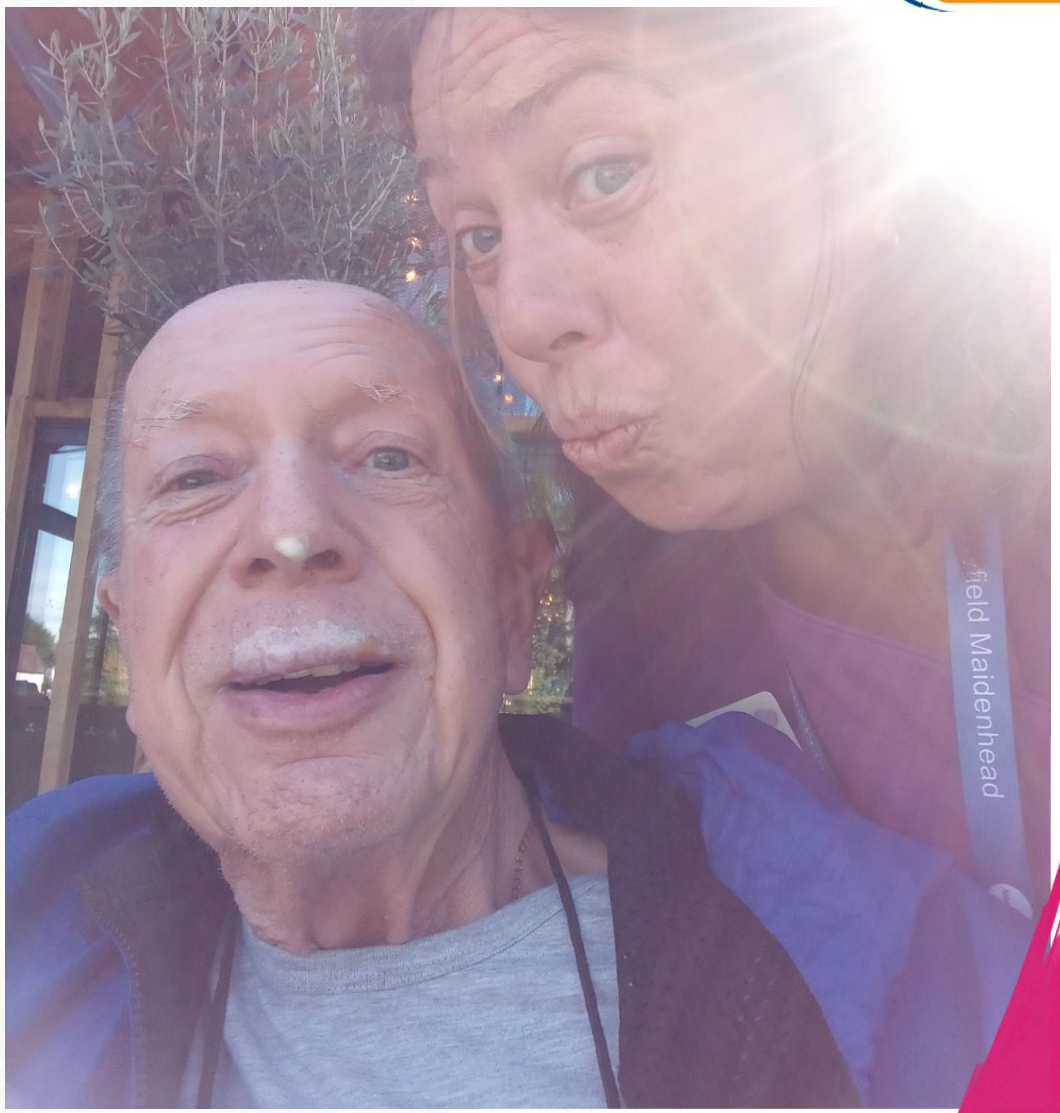
Nicholas House Summer Fete

What an amazing day, if rather hot!

A big thank you to everyone who came to enjoy the fun and support us.



Trip out the Halls & Woodhouse for coffee

In-House Physiotherapy Session

Sessions of physiotherapy can help improve flexibility and identify problematic joints and sore spots.

For some people, a routine of stretches and exercise that has been devised by a physiotherapist can help compliment their lifestyle and improve any problems with gait, posture and routine.

That's why we offer physiotherapy for all residents, included in our fees as standard. No extra charges here!

Lent rise school are back

Lent Rise School Inter-Generation Project

We spent the afternoon taking part in a 1970's picture quiz, we all got involved and enjoyed talking to each other about the different picture and what they were about…..

Goodbye Janet

The residents made these lovely retirement cards for our General Manager Janet. We all wish her a happy retirement in France and hope you enjoy every moment! We're going to miss you

Art Session that bring everyone together

Visit from the Berkshire Birds of prey

We had the most amazing visit from the Berkshire Birds of Prey! 🦉 🦅 Our residents were treated to a truly special and enchanting experience that brought joy and wonder to our home.

The magnificent birds graced us with their presence, showcasing their beauty and elegance. Our residents had the opportunity to get up close and personal with these majestic creatures, learning about their habits and history from the knowledgeable handlers.

The smiles, laughter, and awe on the faces of our residents were priceless. It's incredible to see how the power of nature can bring such happiness and connection to our community.

We're grateful to Berkshire Birds of Prey for sharing their passion and expertise with us. Thank you for making this day one to remember! 🙏 💗
