

Winton House Newsletter

February 2024

Issue 2

Welcome all to our second issue of Winton House's Newsletter of 2024.

February 2024

This month at Winton House, we have worked together to focus on person centered care and how we can trial new ways to help our residents and their needs.

Reiki

This month we have introduced our residents to something new to try which was Reiki. Reiki is a Japanese technique for stress reduction and relaxation that also promotes healing. As for most of our residents, Reiki was unheard however to our surprise, many seemed interested and kept an open mind to this new experience.

World Pizza Day

To celebrate world pizza day, we all made our own homemade pizza's, with thanks to our amazing kitchen team, who supplied and prepared all the toppings and sauce, ready for our aspiring chefs to make their perfect pizza. After an afternoon filled with hard work, every pizza was then served the next day for their supper.

Let's Talk!

We know that our residents love whenever they go out on trips or get visited by some very talented entertainers, however we do also understand that just having a simple conversation with one another might just be exactly what everyone needs and is just as fulfilling as hearing another singer.
